

TRUST MANAGEMENT PIE FUNDS

PRODUCT DISCLOSURE STATEMENT

30 March 2022

This is a replacement PDS, and replaces the PDS dated 15 December 2021.

Issued by Trust Investments Management Limited as corporate trustee of the Trust Investments Management Charitable Trust (“**Trust Management**”).

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on <https://disclose-register.companiesoffice.govt.nz/disclose>. Trust Management has prepared this document in accordance with the Financial Markets Conduct Act 2013. You can also seek advice from a financial adviser to help you to make an investment decision.

1. KEY INFORMATION SUMMARY

What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Trust Management will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Trust Management and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

What will your money be invested in?

The Trust Management PIE Funds scheme ("**Scheme**") offers you six funds ("**Funds**"). These investment options are summarised below. More information about the investment target and strategy for each investment option is provided in Section 3 (Description of your investment options).

* As the Funds have existed for less than 5 years, the risk indicator is based on the market index returns, comparable fund returns data and actual fund return data. The risk indicator may provide a less reliable indicator of the potential future volatility of the Funds. See section 4 for more information.

** See Section 5 (What are the fees?) for more information on the management fees and estimated administration charges that make up the annual fund charges.

For more information on the ethical investment criteria for each of the Funds see section 3 of this PDS, section 6 of the SIPO, and the Trust Management Ethical Investment Policy which are available on our website at www.trustmanagement.co.nz/responsible-investment.

See page 10 for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own risk attitude, you can seek financial advice or work out your risk profile at www.sorted.org.nz

Who manages the Scheme?

The manager of the Scheme is Trust Management.

Further information about Trust Management and the other parties involved in providing the Funds can be found in Section 0 (Who is involved?).

What are the returns?

Returns from each Fund come from:

- any increase or decrease in unit price; and
- any income distributions made from the Fund.

Distributable income of each Fund in which you invest will be paid out quarterly to you in the form of a distribution. See Section 2 (How does this investment work?) for more information.

How can you get your money out?

You can redeem your investment on written notice to Trust Management. Redemptions are generally actioned within 10 business days after the end of each month, subject to the expiry of any applicable notice period. For example, in the case of the Property Fund, a 12 month notice period applies. If a notice period applies, we may allow a shorter notice period with the Supervisor's approval. We can also suspend or defer redemptions in certain circumstances.

See Section 2 (How does this investment work?) for more information, including any notice period applicable to each Fund.

Your investment in these Funds can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment.

How will your investment be taxed?

The Funds are each a Portfolio Investment Entity (PIE).

The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (PIR). To determine your PIR, go to <https://www.ird.govt.nz/roles/portfolio-investment-entities/find-my-prescribed-investor-rate>. See Section 6 (What taxes will you pay?) for more information.

Where can you find more key information?

Trust Management is required to publish quarterly updates for each Fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at www.trustmanagement.co.nz. The manager will also give you copies of those documents on request.

2. HOW DOES THIS INVESTMENT WORK?

This Product Disclosure Statement is an offer to purchase units in the Trust Management PIE Funds. Each of the Funds is a trust established within the Scheme, and governed by a Master Trust Deed dated 18 March 2020 between the Supervisor and the Manager ("**Trust Deed**"), and each Fund is governed by a separate establishment deed between the Supervisor and the Manager.

The Funds form part of a managed investment scheme registered under the Financial Markets Conduct Act 2013. The money you invest buys units in the Fund or Funds you choose. Each Fund invests in assets, such as property, shares and other funds. The units do not give you legal ownership of the Fund's assets but they do give you rights to returns from those assets in proportion to your interest in that Fund. The assets of a Fund are not available to meet the liability of any other Fund.

The price of each unit depends on the value of the Fund at the time you invest and any buy-spread applicable to that Fund. The unit price for each Fund is determined at the end of each month by dividing the current value of the assets of the Fund, after liabilities and expenses of the Fund, by the number of units the Fund has issued. The unit price of each Fund is calculated as soon as practicable following, and generally within 10 business days after, the end of each month.

A change in the value of the Fund's assets affects the value of your units. The unit price for a Fund will change as the market value of those Fund's assets changes.

The number of units you have multiplied by the unit price gives the total value of your investment in any one Fund. Returns are not guaranteed.

The key benefits of investing in the Funds are:

- flexible choice of investments – with a choice to invest in one or a combination of Funds;
- sector specialist investment management;
- diversified investment;
- simplified investing, as we manage buying, selling, reporting and record keeping; and
- the incorporation of ethical investment criteria.

The return on your investment comes from:

- any increase or decrease in unit price; and
- any income distributions made from the Fund.

Distributable income (if any) of each Fund in which you invest will be paid out in proportion to your interest in that Fund quarterly within 6 weeks of the last day of each quarterly distribution period (31 March, 30 June, 30 September and 31 December). Income will be distributed after deduction of fees, expenses, taxes and any other amounts the Manager may be required to deduct or retain under the Trust Deed or at law. You may elect to have all (but not part) of your distribution of income reinvested in further units.

We may, in our discretion, defer payment of any distribution from a Fund where we consider the amount of the distribution compared to the costs of making the distribution would not warrant the distribution being made at that time.

Making investments

You can make an investment in any of the Funds by completing the application form at the back of this document and returning it to us together with payment.

We have absolute discretion whether or not to accept any application, without giving any reason.

You may invest in one or more Funds as long as your initial investment in each Fund is a minimum of \$25,000. This minimum amount may be varied by us at any time. When you make an investment in a Fund, we will issue units at the unit price for that Fund, adjusted for the applicable buy-spread for that Fund.

Units are issued once each month on the date on which the unit price of each Fund is calculated, or within two business days after that date. Any applications received after 2pm on the last business day of each month will be processed in the following month.

The latest unit prices for the Funds are available at www.trustmanagement.co.nz.

Subsequent investments in the Funds may be made in the same manner as an initial application outlined above. The minimum subsequent investment amount is \$5,000 for each Fund. This minimum amount may be varied by us at any time.

Withdrawing your investments

You may request a redemption of some or all of your units in a Fund at any time by completing a redemption request form (available from us). Once submitted, your redemption request cannot be withdrawn. For some Funds, you must give a minimum period of notice (a “**notice period**”) to allow us time to realise assets if necessary to permit your redemption. Notice periods, explained further below, commence on the date we receive your completed redemption request.

Units in a Fund are redeemed at the unit price for that Fund, adjusted for the applicable sell-spread for that Fund.

The redemption of units is effected on the date on which the unit price of the relevant Fund(s) is next calculated following the later of receipt of the redemption request and the expiry of any applicable notice period.

We may refuse a redemption request, with the agreement of the Supervisor, if we are of the opinion that it would not be practicable, or would be materially prejudicial to the interests of unitholders, for the redemption request to be processed. We may suspend or defer redemptions as explained below.

Notice periods

The notice period for the Property Fund is 12 months for any redemptions from that Fund. This means, for example, that a redemption request for the Property Fund received by us on 20 April 2022 would not be effected until the unit price of the Property Fund is calculated following the end of April 2023, provided no suspension or deferral of redemptions is in place. Earlier redemptions may be allowed with the Supervisor's approval, provided this would not prejudice the interests of the remaining unit holders.

The notice period for the Australasian Share Fund is at least 10 business days in respect of any redemptions from the Fund. For the Balanced Fund, a redemption request may be deferred by up to 12 months if such a request would compel that Fund to redeem units in the Property Fund.

There are no notice periods for redemptions from the other Funds.

Suspension or deferral

We may suspend redemptions in any of the Funds where we consider that the redemption would not be practicable, or would be materially prejudicial to the interests of unit holders of the Funds. We may also defer redemptions if we receive an amount of redemption requests which we consider could detrimentally affect the interests of other unit holders of the Funds. In those circumstances, you may have to wait a longer period of time to withdraw your investment.

More information on withdrawal transactions, including suspension and deferral of redemptions, is available on the offer register at <https://disclose-register.companiesoffice.govt.nz/disclose>.

How to switch between Funds

You may switch all or part of your investment in a Fund to another Fund. A switch will be treated as a redemption of units from the original Fund and an application for units in the other Fund. The notice periods for redemptions set out above will apply to a switch. You will not be charged a switch fee but the sell-spreads will apply on each redemption under the switch (the buy-spreads will not apply on any application under the switch).

You may also transfer units in a Fund to another Investor for no charge. We may decline to register a transfer in certain circumstances under the Trust Deed.

3. DESCRIPTION OF YOUR INVESTMENT OPTIONS

Fund	Summary of investment objectives and strategy	Target investment mix	Risk indicator *	Minimum suggested investment timeframe

Ethical Investment Criteria

The ethical investment criteria applied to each of the Funds may include applying negative screens to avoid companies involved in certain activities (such as controversial weapons, tobacco, alcohol, gambling, adult entertainment and fossil fuel extraction). The negative screens are specific to each Fund and can vary between Funds. The ethical investment criteria may also include integration of environment, social and governance (ESG) considerations in the decision making process, and undertaking stewardship activities such as engagement with companies to influence their corporate behaviour and encourage positive change.

For more information on the ethical investment criteria for each of the Funds see section 6 of the SIPO, as well as the Trust Management Ethical Investment Policy, which are available on our website at www.trustmanagement.co.nz/responsible-investment.

As the Funds have existed for less than 5 years, market index returns, comparable fund returns and actual fund returns have been used to calculate the risk indicators.. Therefore, the risk indicator may provide a less reliable indicator of the potential future volatility of the Funds. See section 4 for more information.

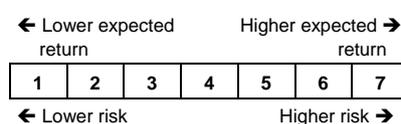

We review the statement of investment policies and objectives, also known as the SIPO, for each Fund on an annual basis. Changes to the SIPO of any Fund can be made in accordance with the Trust Deed and the Financial Markets Conduct Act 2013. We will give notice of changes to unit holders of the relevant Fund prior to effecting any changes which are deemed to be material or which could influence a decision to purchase or redeem units. The current SIPO for the Funds can be found on the scheme register at <https://disclose-register.companiesoffice.govt.nz/disclose>. Further information about the assets in the Funds can be found in the fund updates (when prepared) at www.trustmanagement.co.nz.

4. WHAT ARE THE RISKS OF INVESTING?

Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

The risk indicator for each Fund can be seen on page 3. A blank example risk indicator is set out below.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the Fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz.

Note that even the lowest category does not mean a risk-free investment, and there are other risks (described under the heading "Other specific risks") that are not captured by this rating.

This risk indicator is not a guarantee of a Fund's future performance. The risk indicator is based on the market index returns, comparable fund returns data and actual fund return data for the five years to 31 December 2021. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for the relevant Fund.

General investment risks

Some of the things that may cause a Fund's value to move up and down, which affect the risk indicator, are:

Market risk

Market risk is the risk of losses in a Fund's investments arising due to market prices of those investments changing.

This is of particular significance to the Australasian Share Fund, the International Share Fund and, to a lesser extent, the Balanced Fund as they invest in assets that are market linked, and are therefore susceptible to general market fluctuations and individual security price fluctuations.

Interest rate risk

Interest rate risk is the risk that market interest rates rise which will lead to a drop in the market values of fixed interest securities.

This is of particular significance to the NZ Bond Fund, the International Bond Fund and, to a lesser extent, the Balanced Fund, as they invest directly or indirectly in fixed interest securities and therefore movements in market interest rates will impact the value of the Funds.

Liquidity risk

In volatile market conditions, a Fund's assets may not necessarily be as easily realisable as they may have been at a previous point in time, or may only be realisable at a lower value than in normal market conditions. This could have a negative effect on the value of a Fund's assets and its performance, and consequently may affect the value of your investment and the returns you receive.

This is of particular significance to the Property Fund as property is less liquid than other asset classes.

Currency risk

Currency risk is the risk of exchange rate fluctuations between the New Zealand dollar (the currency in which the Funds are valued) and foreign currencies.

Currency risk will affect funds that invest in offshore assets that are not fully hedged to New Zealand dollars. The Australasian Share Fund, the International Share Fund and the International Bond Fund all have assets invested offshore and therefore the returns of those Funds can be affected by movements between the New Zealand dollar and other currencies.

We manage currency risk for each of the Funds which have exposure to overseas assets by a currency management policy, where some or all of the foreign currency exposures are hedged to New Zealand dollars. The currency management policy for each of these Funds is detailed in its SIPO.

Other Specific Risks

The Property Fund has a target investment mix of 100% in unlisted property. The Fund may have material cash holdings from time to time pending identification and acquisition of suitable investment properties.

Fluctuations in the supply of commercial properties in New Zealand, and the availability of desirable properties for acquisition, may impact the Fund's ability to acquire suitable properties in order to achieve the target investment mix. Cash holdings pending investment into commercial properties may create a reduction in performance in situations where the return from cash is lower than the rental income from properties.

The Balanced Fund is affected by these specific risks to the extent it invests in the Property Fund..

Pandemic Risk

The COVID-19 coronavirus pandemic may have a material adverse affect on global economies as governments undertake extraordinary measures to try to limit the virus' spread. The economic impact remains uncertain and market volatility is expected to continue for some time.

More information on the risks of investing in the Funds is available on the offer register at <https://disclose-register.companiesoffice.govt.nz/disclose>

5. WHAT ARE THE FEES?

You will be charged fees for investing in the Funds. Fees are deducted from your investment and will reduce your returns. The fees you pay will be charged in two ways:

- regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term; and
- one-off fees (for example, the initial buy-spread).

Annual fund charges

The total annual fund charges, expressed as a percentage of the net asset value of each Fund, are estimated as follows:

Fund	Management Fees	Estimated Administration Charges	Total Annual Fund Charges
Property Fund	0.73%*	0.11%	0.84%
Australasian Share Fund	0.45%	0.11%	0.56%
NZ Bond Fund	0.30%	0.10%	0.40%
International Share Fund	0.30%	0.11%	0.41%
International Bond Fund	0.25%	0.11%	0.36%
Balanced Fund	0.65%	0.11%	0.76%

**Estimated*

Management fees

We charge an annual management fee to each Fund.

In the case of the Property Fund, the following fees are also charged to the Fund:

- annual facilities management fee; and
- fee for successful negotiation of a rent review or re-leasing of any property. One-off special projects fees relating to the acquisition or sale of a property may be charged.

The management fees for the Property Fund shown in the table above are based on an estimate of each of these fees.

The management fees shown above for the other Funds comprise our annual management fee, any investment management fee, and any management fee charged in respect of any underlying funds into which those Funds invest.

Administration charges

These charges cover the general management of the Fund, e.g. supervisor, legal, audit, accounting and custodial fees and annual FMA levies, and any such charges charged by underlying funds into which the Funds invest.

Goods and services tax (GST) is not included in any of the stated fees. GST will be added to any fees where applicable.

More information on the basis of estimation of fees and charges is available on the offer register at <https://disclose-register.companiesoffice.govt.nz/disclose>.

Individual action fees and trading costs

Buy/Sell-spreads

When you enter or leave a Fund, buy or sell-spreads applicable at that time will be a cost to you. The buy-spread is added to the unit price on entry to, and the sell-spread is deducted from the unit price on exit from, the Fund. The spreads belong to the Fund and are not fees paid to us or any investment manager. Indicative spreads are:

Fund	Buy-spread	Sell-spread
Property Fund	0.20%	1.00%
Australasian Share Fund	0.20%	0.20%
International Share Fund	0.07%	0.04%
International Bond Fund	0.10%	0.10%

There is no GST charged on spreads. We determine the spreads based on what we consider to be a fair amount having regard to expected transaction costs. Spreads may be changed as outlined on the next page.

There are no other one-off fees currently being charged to any investor on an individual basis.

Example of how fees apply to an investor

The Smith Charitable Trust invests \$100,000 in the International Share Fund. A buy-spread of 0.07% is incorporated in the unit price that the trust pays for its investment. This equates to \$70.

This brings the starting value of its investment to \$99,930.

The Smith Charitable Trust is also charged management and administration fees which work out to about \$410 (0.41% of \$99,930). These fees might be more or less if its account balance has increased or decreased over the year.

Estimated total fees for the first year

Individual action fees: \$70.

Fund charges: \$410.

See the latest fund update for an example of the actual returns and fees investors were charged over the past year (when prepared).

This example applies only to the International Share Fund. If you are considering investing in other Funds, this example may not be representative of the actual fees you may be charged.

The fees can be changed

The Manager's fee, Supervisor's fee and total management fee and expense cap may be changed on 3 months' prior notice to unit holders in the relevant Fund. The buy/sell-spreads for Funds may be changed by us at any time without prior notice, subject to the maximum levels in respect of each Fund (currently 5% of application money received for the buy-spread and 5% of the current unit value of units to be redeemed for the sell-spread). A change to the maximum level requires the approval of unitholders of that Fund by extraordinary resolution.

Investment manager's fees and custodian's fees may be altered by agreement between us and the investment manager, or the Supervisor and the custodian, as applicable. Fees not currently charged may be introduced at any time as permitted by the Trust Deed.

Subject to the above, fees may be changed during a redemption notice period, or where a suspension or deferral of redemptions is in place.

Trust Management must publish a fund update for each Fund showing the fees actually charged during the most recent year. Fund updates, including past updates, are available on the offer register at <https://disclose-register.companiesoffice.govt.nz/disclose> (when prepared).

6. WHAT TAXES WILL YOU PAY?

The Funds are each a Portfolio Investment Entity (PIE).

The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (PIR). To determine your PIR, go to <https://www.ird.govt.nz/roles/portfolio-investment-entities/find-my-prescribed-investor-rate>. If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell us your PIR when you invest or if your PIR changes. If you do not tell us, a default rate may be applied. If the rate applied to your PIE income is lower than your correct PIR you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you.

Tax can have significant consequences for investments. If you have queries relating to the tax consequences of investing in the Funds, you should obtain professional advice on those consequences.

For more information in relation to taxation refer to the “Trust Management PIE Funds: Other Material Information” document on the Disclose register.

Information	How to obtain
Latest unit price	The latest unit price is available on our website www.trustmanagement.co.nz .
Fund information relevant to you	You can inspect documents we hold that are relevant to you, and other documents that are legally required to be provided to you, at our offices during normal business hours, or request an extract of those documents, by written request to us.
Fund updates	Once available, the fund updates for the Funds will be publicly available from our website and can be requested from us.

If you invest in the Funds, we will send you confirmation information relating to your transactions when units are issued to you, as well as when you withdraw or transfer your units, and make available to you an annual report in respect of the scheme. We will also send you quarterly distribution statements setting out the distributable income paid to you in respect of your investment in the Funds.

You can find general information about us, the Funds, and our management team on our website www.trustmanagement.co.nz.

10. HOW TO APPLY

If you would like to invest in a Fund, complete the application form at the back of this document and return it to us at the address set out in Section 7 (Who is involved?) together with payment.

E. IDENTITY VERIFICATION REQUIREMENTS

Investor Identification

The Anti-Money Laundering and Countering Financing of Terrorism Act 2009 ('AML Act') requires Trust Management to verify the identity of new clients and periodically reconfirm information about existing clients. At the date of the attached Product Disclosure Statement ('PDS') our preferred option is to confirm your identity electronically.

Electronic Identity Verification and Proof of Address

Trust Management confirms the identity and/or New Zealand address of our investors electronically, with their permission. Please note that we use an external third party system not owned by Trust Management to conduct identity checks in this way. We will send you a link for you to conduct the check electronically.

The following information will be required:

- Your full name, as it appears on your identity document
- Your address
- Your date of birth
- Details of your identity document: the passport number and expiry date or, the driver's licence number and version number. Please note that your passport or driver's licence must be current i.e. not expired or cancelled. A passport which has been cancelled and reissued cannot be verified online, even if it has not yet expired.

The address search checks your address against records held by the Companies Office, Land Information New Zealand as well as other databases. If your address is not held in any of these databases, the automatic verification service will return a message saying that your address could not be verified. If the online verification method fails to identify you, we will contact you to obtain physical certified documents.

F. DECLARATION AND SIGNATURE

I / We, the undersigned:

* have received and read the Product Disclosure Statement dated **30 March 2022** to which this application form was attached and agree to be bound by the terms and conditions of the Trust Deed (including the establishment deeds governing the Funds), the Product Disclosure Statement and any regulatory register entry (each as amended, added or replaced) relating to the Trust Management PIE Funds;
